## Death's Angel Hovers

Constantly at the Bedside of His  
Holiness, Pope Leo XIII

## At the Vatican Palace in Rome

Attending Physicians Resort to Surgery in Hope  
of Improving the Condition of the Venera-  
ble Pontiff—Sympathy of the World  
Pleases the Pope.

Rome, July 7.—The Pope this morning expressed the desire of again taking communion, notwithstanding the fact that he received the last communion on Sunday and extreme unction yesterday evening. Monsignor Marsilino, one of the chamberlains, therefore performed the ceremony. The Pope showed great serenity, repeating that he felt quite prepared to leave the world. In spite of this he was and then expressed the hope that he might yet recover. The Pontiff afterwards received his niece and Count Canali, her husband, who came from their home in the country to see him again. The Pontiff continues to be greatly interested in what the press says about him, asking to be informed regarding the press opinions and views expressed and shows satisfaction on learning that throughout the world general regret at his condition is manifested without distinction of creed or politics.

After last night's collapse, as he had been for the first time of his illness, the Pope literally forced himself to take a greater quantity of food. Today the authorities inaugurated more stringent regulations for the preservation of order and quiet at the Vatican.

**Life Slowly Ebbing Away.**  
There is no denying that the life of the Pontiff is slowly wasting away. There are moments when he seems better and others in which he is worse. No one doubts that hour by hour, moments by moments he is leaving the world. By the Pope's express desire all his relatives have been to see him today. The scene was most touching. His nephews, to whom he has been a real father, entered the room sobbing. His Holiness noticed them saying:

"I feel the moment approaching when I must leave you. Say our last good bye. I am about to enter eternal life. But do not grieve for me. I am about to enter my real happiness." Before leaving the room they all kissed the hand of the Pontiff reverently. It was for the last time.

**Many Distinguished Visitors.**  
Rome, July 7.—7:55 a. m. There is considerable excitement around the Vatican, and numerous persons are going to and coming from the Pope's room. The relatives of the Pontiff, Cardinal Rampolla and Pope Leo's private secretaries, however, remain in the chamber. Cardinal Rampolla has been receiving members of the diplomatic body at all hours of the day and night. Several large books sent for the purpose, have been signed by members of the Roman aristocracy, high ecclesiastics, notable personages of the papal court and distinguished strangers who have called to inquire regarding the Pope's condition. All the papal militia bodies in permanent service, are earning the two months extra pay, which they received in case of the death of the Pope, and extra pay for two additional months from a new Pope.

**CABINET COUNCIL**  
Has Been Called To Consider Steps to Be Taken.  
London, July 7.—A special despatch from Rome says that at 7 o'clock this morning, the condition of the Pope was unchanged. His Holiness in the early hours of the morning awoke and took some soup. When he is not sleeping, he is perfectly lucid and calm.

He has asked that he be told the moment that danger becomes imminent. A cabinet council, the despatch adds, has been summoned for this morning, to consider the steps to be taken by the government in the event of the Pope's death.

**SUPREME POWER**  
Seems But Little Removed From Cardinal O'Regla.  
Rome, July 7.—Up to the present time, the telegrams received at the Vatican, from all parts of the world, number 3,782. They include many from America, among which is an especially affectionate one from Cardinal Gibbons. Although the Pope is still alive, Cardinal O'Regla begins to be the center of all Vatican affairs, as it is considered that the moment is close at hand when he will assume the supreme power in his capacity as cardinal camerlengo.

Engineers Scheffer and Manuc who are called architects of the conclave, as their office consists in walling up the cardinals, when they have gathered for election of a new Pope, have placed themselves at the disposal of Cardinal O'Regla, as has also Prince Cenci, who holds the office of marshal of the conclave. In all the churches, masses are celebrated, and these are attended by extraordinary number of the faithful who pray for the recovery of the Pontiff.

**Complicated with Pleurisy.**  
Rome, July 7.—At 9:20 a. m.—The pneumonia from which His Holiness has been suffering is now complicated with pleurisy. Pontiff has paralysis of the fingers. Pope Leo passed a restless, sleepless night.

**SPECIAL EDITIONS**  
Of Roman Papers, Prepared For Pope to Read His Condition.  
Rome, July 7.—9:25—When Dr. Mazzoni went this morning to the Vatican, Dr. Lapponi made a full report to him as to how the Pope had passed the night. Then both entered the sick room. Pope Leo smiled benevolently at Dr. Mazzoni, but seemed not to have sufficient strength to speak. The doctor asked:

"How is your Holiness?" To this inquiry, the Pontiff in a faint voice replied:

"I have no illusion, and am resigned."

Then he raised his eyes, while his lips moved, evidently in prayer.

The doctors then proceeded to make a most minute examination of the patient, listening to his breathing and testing his lungs. The Pope this morning having expressed a desire to read the Osservatore Roman and the Voce della Verita, to see what they were saying about his illness, special editions of the journals were prepared and sent to His Holiness.

**PARTIAL PARALYSIS**  
Caused By Deficient Heart Function and Incident Disorders.  
Rome, July 7.—Following is the text of the bulletin regarding the condition of His Holiness issued at 9:30 o'clock this morning:

"The Pope passed a restless night without sleep. Nourishment however, has been more freely taken and the general condition of the patient is a little more reassuring. Objective examinations shows a change in the

right of the thorax, and the middle lobe of the lung, which up to yesterday, did not permit the passage of air, now allows the air to penetrate. On the other hand the interior zone has become more obtuse, and the transmission of the air and a tactile brain is wanting. This leads to the belief that there is liquid in the pleura. An experimental incision will be made. The action of the heart is depressed, so much so as to render the renal function insufficient and to cause cyanosis in the last phalanges of the hands.

(Signed)  
LAPPONI AND MAZZONI.

**TEST PUNCTURE**

Of Pleura Made, and Great Quantities of Pus Removed.

Rome, July 7.—3:45—The following bulletin has just been issued.

"The test puncture of the pleura has been made, and eight hundred grams of liquid have been taken off. A rapid examination showed that some mucous was rattling in the lung which was originally affected.

"The Pope underwent the operation with courage. His general condition is now better, and he is resting."

(Signed)  
LAPPONI AND MAZZONI.

**"LOVE YOU ALL"**

Said Leo, "But Am Tired and I Am Glad to Go."

London, July 7.—A special despatch from Rome says that shortly before the operation of puncturing the pleura this afternoon, the Pope remarked to those around him:

"I thank God that he has vouchsafed to me the boon of being able to say good bye to all. I love you all, but I am tired, and am glad to go."

**End Very Near.**  
New York, July 7.—A private cablegram from Rome, received at St. Patrick's cathedral today, reads as follows:

"The end of the Pope is very near. His weakness is extreme."

**Disease Is One of Surprises.**

Rome, July 7.—4 p. m.—After the operation, Dr. Mazzoni said the danger remained imminent, but the illness from which the Pope was suffering, was full of surprises. His Holiness might even live three days longer.

**DISCHARGED**

## KIDNAPPING AT BLUFFTON.

Mother Steals Three Year Old Son From Home of Husband's Parents.

About 8:30 o'clock this morning, a sensation was created at Bluffton, by a kidnapping case, in which Mrs. Emil Kraft, wife of a former Bluffton resident and daughter-in-law of K. N. Kraft, a well known saloon keeper of that town, was the principal participant. The victim of the case was Mrs. Kraft's own three year old son, who had been in the keeping of his grand parents at Bluffton, since her separation, some time ago, from her husband, who is proprietor of a drug store, at Ripley, O. Since the separation, Mr. Kraft applied for a divorce and his wife has been living with her parents at Cleveland.

## POINT MADE BY ATTORNEY

That Indictment Is Illegal Because It Was Based on Upton's Statements.

Baltimore, July 7.—In the United States district court today, a motion was made to quash the indictment against C. Ellsworth Upton, who with Thomas W. McGregor, was recently indicted by the federal grand jury charged with complicity in mail pouch frauds.

The point is made by Upton's attorney, that the indictment is illegal because it was founded on admissions made by Upton, to the fourth Assistant Postmaster General, before whom he was taken, and questioned by post-office inspectors, without being told that criminal proceedings were to be instituted against him, or that he was at liberty to refuse to give any testimony against himself. Judge Morris will hear arguments on the motion next Saturday.

## In Riots at Evansville

Militia and Deputies Fire Bullets and Buckshot Into the Mob.

## More Troops Ordered to Scene

And Further Trouble Will Persuade Governor Durbin to Declare the City Under Martial Law—Mob of Citizens Stormed the Jail Last Night.

Evansville, Ind., July 7.—Six shot dead and 25 injured, four fatally, is the outcome of the race riots that have caused a reign of terror in this city during the past four days.

At 10:30 last night the Evansville company of Indiana National Guard, assisted by 200 special deputy sheriffs sworn in during the day, while guarding the county jail in which were 15 negro prisoners, poured a volley of buckshot and bullets into a crowd of several thousand people led by a hundred armed rioters which was pressing them back amid jeers and threats accompanied by stones and missiles. When the smoke cleared away 31 wounded and dead bodies lay on the pavements. There is a contention as to who fired first—the soldiers or the rioters. That the troops were fired upon is believed by the fact that of the fallen four were members of the company. Their wounds were slight. Following are the dead and wounded:

**The Dead:**  
ELI WARD SCHIFFMAN, painter, top of head blown off.

HAZEL ALLMAN, 15 years old, daughter of Joseph H. Allman, shot in breast.

**BUCKSHOT**

And Bullets Caused the Frenzied Mob to Disperse.

After the shooting, the mob scattered and disappeared. The dead and wounded were taken to homes and hospitals and the line of soldiers was reformed. All night the troops stood around the jail while inside the negro prisoners prayed for mercy and protection.

At 2 o'clock this morning, under orders from Governor Durbin, the Vincennes company of militia arrived and relieved the Evansville troops who lay down in the court house yard and slept on their arms. There was no demonstration when the relief troops arrived. There were still several hundred persons on the streets but no attack was made and the incoming troops were not disturbed.

Negroes are leaving the city in large numbers and dozens of families are camped in the country.

Officials believe there will be no further outbreak although the utmost vigilance will be maintained. The New Albany and Terrehaute companies of militia have been ordered under arms by the Governor and are ready to start for this city at once. Governor Durbin is considering the advisability of declaring martial law. Great excitement prevails here today.

# BENJ. WADE WAS SENTENCED

To the Electric Chair—He Took It as an Invitation to a Tea Party.

Benj. Wade went through the formality of receiving a sentence to the electric chair this afternoon, says the Toledo News-Bee but it didn't bother him much. He knew as well as any one that he'd never have to act as a conductor for penitentiary electricity and all because the jury a few days since recommended mercy for Ben Landis.

When Ben Wade was found guilty of the murder of Katherine Sullivan, and the jury didn't recommend mercy, thus looked pretty gloomy for him, and for his brother Al too. But the Landis jury, as the News-Bee has already explained, fixed things for all three of the murderers so that none of them would be electrocuted. Consequently, it was almost like going to a tea party for Ben when

### BOY

The Victim of an  
Accident  
On South Side.

Horse Frightened at  
Animals

That Were Being Paraded  
With Gentry Dog and  
Pony Show.

More Excitement Caused by the  
Show Than Was Created by the  
Fourth of July Celebra-  
tion, Saturday.

Yesterday was not the Fourth of July, nor was Buffalo Bill's show here, but there were more accidents than there would have been, if both of the above mentioned events had been on the docket. Four run-aways and two children run over isn't bad for an ordinary Monday. Gentry Bros. show was responsible for it all. First the horse attached to Hawisher's delivery wagon became frightened at the elephants. As he plunged about the street, a little child, not two years old, belonging to Alex. Castle, of 828 south Main street, in some manner got beneath the feet of the frightened animal. All thought the child was killed, but when picked up, he was found to be bruised severely, but not seriously hurt. The big toe nail on the left foot had to be taken off, and the child was otherwise bruised about the body and face.

#### Eggs Come Down.

The elephants were also the cause of eggs coming down. While the driver of Thomas & Son's delivery wagon was engaged in transacting the business of his firm with G. A. Herrett, his steed started down west Vine street with a dozen imaginary elephants in hot pursuit. As the wagon jolted over the crossings at Elizabeth street, a case half filled

with eggs came out of the rear and eggs came down. The frightened horse was captured by a motorman just before he reached the jumping off place into Hoover's lake.

#### Here's Another.

The driver of Stolzenbach's wagon had an experience of his own about 7 in the morning. The horse frightened at the animals watering at the corner of Main and Vine streets and ran from there to St. Johns avenue. The driver walked. Some say that he found the bread already delivered all along the route.

#### Here's the Last.

One of the dogs belonging to Gentry Bros., show, becoming tired of his nomadic life, attempted to escape yesterday morning about 10 o'clock. He ran down south Main street towards the shops and was captured only after an exciting chase.

#### Run Over.

Nine-year-old Wilbur Helfinstein, whose father, John Helfinstein, lives at 527 west Vine street, narrowly escaped a very serious accident yesterday afternoon about 4 o'clock. He was with a number of other small boys was watching the elephants and was so interested that he wandered off the side walk into the street, where he unconsciously stepped in front of a bicyclist who was riding rapidly. The boy was knocked down and the wheel ran over his head. His head and body were badly bruised, and it was feared for a time that he was seriously hurt. He was taken into Mel's pharmacy, where he was cared for, and from there he was taken home by his friends. He was lucky to have escaped with so few bruises.

#### Lonesome!

Mrs. John Atmure and son, of south Pine street, have gone to Fort Wayne, to visit with relatives there. It has been suggested that John and certain other South Side gentlemen "bach it" together.

#### About People.

Archie Richardson, of Newark, who visited with friends on the South Side over the Fourth, returned home last night.

Tom Geach, J. S. Smith's accommodating salesman, was off duty yesterday.

L. H. Beall and wife returned yesterday noon from Montpelier, Ind., where they visited over the Fourth with former South Side residents, Mr. and Mrs. George Shade.

Mr. Pyle, of Madison avenue, is entertaining his brother, a minister from Lancaster, Massachusetts.

Harry Zurmohley, the popular mail clerk on the South Side, is soon to

have his vacation. Consequently Harry Hiner is seen nowadays, dog-tug in and out with the mail, and learning the route.

Bob and Cal Coleman have returned from their fishing trip. Bob had poor luck, and he says that hereafter he hopes "Doc" Lehman will tell him when he is going fishing, so that they can either choose different days or go to different places.

While riding his wheel on south Main street this morning, Oscar Snyder, of Solarville, collided with another boy and had a bad fall, which stunned him for a few minutes. Eventually he pluckily remounted his wheel, which was six sizes too large for him, and rode on his way.

Gentry Brothers' show was not so well attended as it might have been.

This morning at 10 o'clock a merry crowd of little folks collected at the Grace M. E. church, prepared with big lunch baskets and bigger appetites for a day's outing at a grove west of town. They were chaperoned by a few of the older folks.

Thos. Burke's baby is improving, after an illness of several days.

The young people of the South Lima Baptist church are planning a social that will eclipse all others.

### DECISION, WITH BEARING

Upon Nearly Every Class of  
Mercantile Business in  
This State.

An important decision made by referee in bankruptcy Harold Remington, a few months ago, was confirmed by Judge Wing in the United States district court several days ago.

The decision will have an important bearing upon nearly every class of mercantile business in Ohio, as a certain state law was declared to be unconstitutional.

The statute declared to be inconsistent with the constitution of the United States was passed by the state legislature for the express purpose of protecting from possible fraud a person who wished to buy another's business.

The law referred to requires that the owner of any stock of merchandise shall make a statement to his prospective purchaser in which the names and addresses of all the creditors shall be given, and the amount of each debt. All books and invoices must be shown, and all creditors notified of the intended sale five days before it takes place.

Referee Remington held that the law not only worked an injustice to the owner of a stock of goods, but deprived persons of the free use of their property without due process of law.

The question was raised in a voluntary bankruptcy proceeding, which was filed in the United States district court last January. The petition was filed by F. M. Davis & Co., grocers, of this city.

Previous to the filing of the petition F. M. Davis & Co., advertised their stock of goods for sale, and it was sold to George Williams, of Youngstown, O. The stock was purchased in a lump, and no invoice was shown or taken. After the sale was consummated, Davis & Co. paid off a few debts and then went into bankruptcy. The stock then passed into the hands of a trustee elected by the creditors. Mr. Williams then began lawsuit before Referee Remington to have the stock of goods delivered to him. The question thus raised by this demand was whether or not the sale was null, and void for failure to comply with the state law.

In giving his decision after reviewing the case, with the Ohio law in

view the referee declared that the sale was bona fide, but that the law interfered with one of the fundamental rights of property, as it was next to an impossibility for any one to comply with it. "No books may be kept, invoices may be lost, and a dozen other natural things could enter into any sale that would make it illegal according to that law," said the referee.

"Furthermore," he added, "the law makes it impossible for any person to dispose of his stock in a bulk. This is not only wrong, but inconsistent with the rights of individuals to dispose of their property as they choose. The object of the law is to protect the purchaser from sharp dealing."

QUARANTINE  
IS PARTIALLY

Raised Against Transfer of Stock  
From States Not Under  
Embargo.

Boston, July 7.—Dr. Austin Peters,  
chief of the cattle bureau of the state  
board of agriculture, has received  
from the secretary of agriculture at  
Washington, an order partially rais-  
ing the quarantine against shipments  
of cattle, sheep and other ruminants  
from states not in quarantine, in  
Massachusetts and New Hampshire  
for slaughter and other purposes. Dr.  
Peters said that this was the first  
step towards the entire removal of  
the quarantine, which was establish-  
ed last fall on account of the foot and  
mouth disease.

Divorces Were Up for Hearing Yes-

Filed, and a Newly Di-  
vorced Woman Married.

After a thorough examination by  
the Probate court, and the tedious in-  
vestigation of a referee into affairs  
pertaining to the Wise estate, the  
matter was compromised, so far as  
the heirs are concerned, today. Mrs.  
Dora W. Joachim, who took excep-  
tions to the accounts of the executors,  
has withdrawn her pleadings and signed  
an agreement, whereby she ac-  
cepts in full payment of any claim she  
may have against the estate, the sum  
of \$15,000.

Heavy Damage Suit.  
Curtis D. McElroy has brought the  
Pennsylvania railroad face to face  
with the responsibility for the wreck  
which occurred at Ada on the 8th of  
January, 1903. McElroy was a pas-  
senger on one of the wrecked trains  
that day, and states in his petition that  
he was in the rear car when the other  
train coming behind dashed into it.

The car telescoped the one in front  
and McElroy was pinioned in his seat  
by the heavy timbers. He suffered a  
broken collar bone, the fracture of  
four ribs, and was otherwise bruised.  
The result of his injuries, he says,  
has made him a permanent cripple, al-  
though he was under the care of a  
physician for a long time, and paid  
\$100 for medical service.

Mottet, Mackenzie & Weadock have  
the plaintiff's case and the action is  
brought to recover damages in the  
sum of \$15,000.

Awaiting Decisions.

The Mowery case which came up  
for hearing yesterday afternoon has  
been taken under advisement by Judge  
Cunningham and will likely be dis-  
posed of tomorrow. A decision may  
be rendered at the same time in the  
Ardinger divorce suit which was heard  
yesterday morning.

A Day of Divorces.

A rather peculiar situation present-  
ed itself at the court house yesterday,  
which is another indication of what  
divorce matters have to do with Allen  
county. In the common pleas court,  
room Judge Cunningham was pre-  
siding in the Ardinger divorce suit,  
Deputy Clerk Graham had inscribed a  
new case of the same kind on the ap-  
pearance docket, and up stairs in the  
probate court room, Rev. Figley per-  
formed a wedding which gave a new  
husband to a woman who had been  
divorced by Judge Cunningham just a  
few days before.

In Probate Court.  
Frank E. McComb, administrator of  
the estate of Andrew Shuler, has  
filed an inventory of the estate, show-  
ing property in the city valued at  
\$2,202.

artists most important works.

BRAVE FIREMEN PERISH.

during a fire which destroyed a lodging  
house and an apartment building, the  
latter owned by Governor Pardee.

THE IDLER.

Charles Reider, who has been em-  
ployed by his uncle, B. Y. Reider, as a  
restaurant clerk, in this city, during  
the past two or three years, has gone  
to Ft. Wayne to engage in the study  
of medicine. "Dr." Reider's friends  
wish him thorough success in his  
chosen profession.

Charles Milton, one of the principal  
end men and a very clever monologue  
artist, who is at the park this week,  
with the Barlow minstrels and an old  
friend of "Papa" Sham Eltinger, the  
well known musician and bouffant,  
has, during the few days that he has  
been in Lima, given sufficient proof  
that he is worthy of the title of the  
"Mausfield of Minstrelsy." His work  
in the monologue role, is the best that  
has been enjoyed at the McBeth park  
this season. Lima is noted for 'chilly'  
audiences, but they all laugh with  
Milton. They simply can't help it. He  
laughs and his auditors are forced to  
laugh with him. Few who see him  
and enjoy his "turn" realize that the  
happy, laughing black-face artist can-  
not see the laugh-distorted faces in  
front of the foot lights, but such is  
the case. A few years ago, while wait-  
ing in the "wings" to go on the stage,  
a performer in a "rough house" scene  
discharged a blank cartridge in his  
face, almost totally destroying the  
sight of both eyes with burnt powder.

Saturday, each of the corps of em-  
ployes at the Niagara Laundry, was  
provided with tickets to the McBeth  
park, and reserved seats in the  
theatre. The tickets were presented  
by their employer, C. F. Price.

This morning a team belonging to  
Wash Simmons, hitched to a dray, be-  
came frightened at an automobile in  
Sugar alley, west of the public square  
and ran to Elizabeth street, when the  
dray was overturned against a  
tree near Trinity church. There was  
no one on the dray, when the runaway  
occurred, and the only damage done  
was to the vehicle, and to the harness  
worn by the horses.

What's the secret of happy, vigor-  
ous health? Simply keeping the bow-  
els, the stomach, the liver and kid-  
neys strong and active. Burdock  
Blood Bitters does it.

TON-KA-WAY.

Dr. W. I. Swain's Ton-Ka-Way com-  
pany, which arrived in the city yester-  
day and said to be the largest travel-  
ing medicine concert company in the  
world, will open for business tonight  
in their water proof tent on the show  
lot, on south Main street, just beyond  
the bridge. Dr. Swain has a company  
of real artists, also several full blood-  
ed Indians, and presents a high class  
vaudeville entertainment.

Dr. Swain promises all a good time  
and no doubt the tent will be packed,  
as ladies and girls are admitted free.

CUT DOWN

By the Hand of the Relent-  
less Reaper.

Miss Rose Anderson, one of Lima's  
popular young ladies, who was em-  
ployed as a stenographer at the Pri-  
vential Insurance offices, died at noon  
today at the city hospital, where she  
was taken recently to be treated for  
what was supposed to have been an  
attack of typhoid fever.

The attending physician found a  
rather complicated case, and one  
which would not yield to the treat-  
ment offered after a consultation. The  
deceased was a daughter of Mr. and  
Mrs. John Anderson, of Bellefontaine  
avenue.

Mrs. C. A. Ackerman and daughter,  
of west North street, have returned  
from Mansfield, where they visited  
relatives of Mr. Ackerman.

It brought together for a happy day,

GUESTS OF  
ENGLAND.

United States European Squadron Ar-  
rived at Portsmouth Today.

Admiral Cotton and His Officers and Men Cor-  
dially Greeted and Welcomed by Mayor  
of Portsmouth and Representatives  
of the Crown.

Portsmouth, July 7.—With the boom  
of cannon, the British fleet, on behalf  
of King Edward, welcomed the United  
States European squadron to  
Great Britain's naval headquarters,  
this morning. The gunboat Machias  
joined the flagship Kearsarge, the  
Chicago and the San Francisco, early  
in the morning, and shortly after 8  
o'clock signals began to flutter from  
the mast heads of the American and  
British ships. The latter, in obedi-  
ence to a signal from Lord Charles  
Beresford, the commander of the  
channel squadron formed two lines,  
and down this lane of huge gray war-  
ships, moved the Americans, their  
white sides gleaming in the sunlight.

As the Kearsarge approached the  
Jetty, "attention" was sounded on  
the Victoria and Albert, and the other  
ships in the harbor, a courtesy which  
was returned from the Kearsarge's  
deck, on which was drawn up an ad-  
miral's guard of fifty marines, under  
the command of Lieut. Colley.

As soon as the Kearsarge was betwixt  
the Victoria and Albert, the mayor of  
Portsmouth, boarded her and greeted  
Admiral Cotton, saying:

"The people of Portsmouth welcome  
the American squadron, and extend to  
its officers and men, all the courtesies  
they can offer."

Admiral Cotton replied, expressing  
his pleasure at the welcome extended  
to the squadron, and thanking the  
mayor, in behalf of the United States  
government and himself. On the de-  
parture of the mayor, Rear Admiral  
Milne, commander of the Royal yachts,  
especially detailed by King Edward  
to welcome the Americans, went on  
board the Kearsarge, and was re-  
ceived by Admiral Cotton and Captain  
Hemphill. Admiral Milne expressed  
the gratification of King Edward at  
the arrival of the squadron and in be-  
half of the King, welcomed it to Eng-  
land.

Subsequently Admiral Cotton, Capt.  
Hemphill and the staff officers visited  
the naval officials escorted by an ad-  
miral's guard and a band.

Admiral Cotton has designated the  
officers who are to attend the state  
ball at Buckingham Palace, London,  
Wednesday, in honor of President  
Loubet. Besides Rear Admiral Cotton  
and all the American commanders  
the list includes a number of ensigns  
and representatives of the medical  
and pay staffs.

During Admiral Cotton's visit to Ad-  
miral Hotham, the latter recalled the  
fact that they had previously met at  
Esquimalt, when Admiral Hotham  
commanded the British Pacific squad-  
ron, and Admiral Cotton was in com-  
mand of the Philadelphia. Admiral  
Hotham reiterated personally the  
warm message of welcome which he  
had previously transmitted to Admiral  
Cotton at Spithead. The Americans  
were presented to Lady Hotham and  
others.

Immediately after Admiral Cotton  
returned on board the Kearsarge, Ad-  
miral Hotham and his staff returned  
Admiral Cotton's call.

Deputy Governor Cochrane, of the  
Isle of Wight, also called on Admiral  
Cotton.

Subsequently the American officers  
ended their official visits by calling on  
the mayor of Portsmouth.  
Admiral Cotton and the other Amer-  
ican officers, while in London, will be  
quartered at various hotels, as the  
guests of the nation.

Admiral Cotton vigorously denies  
the report which appeared in the  
German newspapers that over a hun-  
dred men deserted from his squadron  
at Kiel. The Admiral declares that  
the discipline of the crews is excellent.  
"As a matter of fact," said Captain  
Hemphill, "only one man, a corporal  
of marines left the Kearsarge."

AT SCENE OF  
THE DISASTER.

The Search for Bodies of the Flood  
Victims Is Renewed.

Jeannette, Pa., July 7.—The search  
for bodies of victims of the Oakford  
Park disaster, was resumed with day-  
light, and will be prosecuted vigor-  
ously as long as there is hope of find-  
ing the remains of any of those still  
numbered among the missing. Many  
strangers were in town again today,  
and spent the time watching the  
searchers, or inspecting the destruc-  
tion wrought by the flood. Prepara-  
tions are being made for the burial of  
the victims. There were two fune-  
rals this morning, but most of the in-  
terments will be arranged to suit the  
convenience of the undertakers, who  
have themselves suffered severely by  
the flood, in some instances having  
been practically put out of business  
by the loss of horses and carriages.  
There will be little if any display at  
the funerals, as in most of the cases,  
the relief committee must provide the  
burial expenses.

Cleveland, O., July 7.—Mrs. Giuseppe  
Canovini an Italian woman, living at  
No. 115 Carabelli street, discovered  
today that her three small children  
had walked out on the narrow and  
high Nickel Plate railway trestle near  
their home. With a fast passenger  
rapidly approaching the woman flew to  
the rescue of the little ones.

As quickly as possible she shoved

the children, one at a time upon a nar-  
row sidebeam, after this the woman  
was compelled to lie across the tracks.  
The last child was placed in safety  
under the very nose of the engine,  
which came upon the trestle at top  
speed. There was no time for the  
woman to escape. Soon as she arose  
the engine was upon her and the  
wheels had ground her to pieces.

The wholesale houses close their summer season in June. In July their fall trade starts. Before this time it is absolutely necessary for them to dispose of every vestige of their summer stock. To do this for cash involves decided concessions in prices. We took advantage of that fact this season, and our representatives were on the spot with ready cash when the big mills and wholesalers closed out their summer goods. We have had a most prosperous spring trade, and were able to buy liberally.

#### Resolution to Commence Condemnation Proceedings Adopted.

#### Mayor Robb Recommends the Passage of an Ordinance to Regulate the Use of Fourth of July Fireworks.

The city council met in regular session last evening, at 8 o'clock with President Newson in the chair and all members in their places. After roll call the minutes of the last meeting were read and approved.

The board of health recommended the contract for the disposal of garbage referred to board of public service with power to act.

A resolution to construct sidewalks on certain streets was read and passed. Mr. Hitchcock was appointed to serve the notice.

A petition was heard from Miller avenue property owners to have their street lights restored. Petition referred to board of public service.

The Lima, Delphos and Ft. Wayne Traction Company asked for an extension of six months on their franchise. Unexpected and unavoidable delays had retarded the work of construction, but grading had been done, bridges put in and the material was all ready. Track laying would soon begin from Lima. Mr. Smith moved to grant petition. Dr. Bowser seconded and motion was carried.

The ordinance to prohibit spitting on sidewalks was given its second reading.

### Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

WM. M. MELVILLE, OLD POSTOFFICE CORNER.

constructing new water works reservoir was read and passed. J. E. Watkins was named to serve the notice.

Mrs. J. B. Jennings, of east Pearl street, asked for relief from excessive assessment for street grading. Referred to city solicitor and finance committee to report in one week.

The following ordinance was read.

An Ordinance.

Regulating the use and sale of explosives.

Be it ordained by the city council, city of Lima, and state of Ohio, as follows:

Section 1. That it is hereby declared unlawful for any person, persons, firm or corporation to sell or expose for sale in the city of Lima, Ohio, between the first day of July and the fifth day of July in any year, any fire crackers, torpedoes, blank cartridges, toy pistols or other explosives.

Section 2. That it shall be unlawful for any person or persons to use, discharge or explode any fire crackers, torpedoes, blank cartridges, toy pistols, powder, dynamite or other explosives within the city of Lima, Ohio, on the fourth day of July, in any year hereafter.

Section 3. That any person, persons or corporation violating any of the provisions of section one or section two foregoing, shall, upon conviction, be fined in any sum not exceeding \$50 and not less than \$5, or be imprisoned not to exceed 10 days and pay the costs of prosecution.

Section 4. That this ordinance shall take effect and be in force from and after its passage, legal publication and approval by the mayor.

Lima, Ohio, July 6, 1903.

In view of the alarming loss of lives and property, and injuries and annoyance to persons, I strongly recommend the immediate passage of the above ordinance.

THEO D. ROBB,  
Mayor of the City of Lima, O.

Approved, H. O. LENTLEY,  
City Solicitor.

Mr. Kraus wanted the resolution adopted. He had a plate glass window shattered. Mr. Rudy moved to suspend rules requiring three readings and act at once. President Newson thought there was no reason for a hurry in the matter. Dr. Bowser said that "for humanity's sake" it ought to be passed. The amount of suffering caused the sick by explosives on the 4th of July was truly astonishing. It ought to be stopped.

Motion to suspend rules was lost.

The sidewalk committee recommended that T. K. Jacobs and other property owners on south side of Bellefontaine avenue between O. S. Railroad and Dewey avenue, be allowed to construct "temporary" walks. Report adopted.

T. K. Jacobs presented plat for new addition in same part of city. Referred to street committee.

The committee appointed to audit books of ex-Mayor McComb and ex-Mayor Rogers reported as follows: Mayor McComb collected in licenses \$189, in fines, costs etc. \$530.20; total \$729.20; total paid to treasurer \$353, balance unpaid \$385.

Mayor Rogers collected in licenses \$151; in fines, costs etc. \$1,449, uncollected \$646.50, paid city treasurer \$1793. Balance now in hands of city auditor.

Report referred to finance committee.

The Vehicle Ordinance.

The president announced that the

table was clear, Mr. Rudy rose to state that he had been thinking seriously for several days about vehicle tax ordinance, and that he had come to the conclusion that the ordinance as it had been passed was just a little unjust to certain parties. Therefore he moved that the city solicitor be instructed to prepare an ordinance to announce the vehicle tax ordinance in such a way that it would cost no liveryman, firm or corporation any amount to exceed \$10. He then asked Mr. Pangle whether the liverymen would be willing to accept that reduction. Mr. Pangle, after consulting with the other liverymen present, replied that they would compromise at a maximum of \$5, but no more.

Mr. Rudy thought that would be doing an injustice to others. He was willing to do what was right. Dr. Bowser expressed himself similarly. Mr. Napier thought that there was no use in passing Mr. Rudy's motion if the liverymen were going to fight anyhow. The motion was put and lost.

Mr. Fletcher proposed another amendment to vehicle tax ordinance, so as to have it collected March 31, 1904. Motion lost. Referred to finance and street committees and city solicitor. Adjourned 9:15.

## People Who Can't Sleep.

Many people go to bed—not to sleep, but to think—to tumble and toss—to get up, walk about until tired nature gives way, and a few fitful hours of sleep are obtained just before dawn—a sleep that does not rest—a sleep from which one wakes weary and tired, wholly unfitted to take up the daily routine of household, shop or office duties. This condition goes on uncared for, is almost criminal, when the well-known, time-tried and tested powers of Dr. A. W. Chase's Nerve Pills to give restful, natural sleep, have been so fully proven in such cases.

Mr. C. R. Seeds, of 725 east Elm street, Lima, Ohio, says:

"Dr. A. W. Chase's Nerve Pills are a fine medicine. They give one good steady nerves—good general strength and splendid sleep. We used the box we got at Melville's drug store, in two cases, and it was equally good in both cases. For nervous, weak, sleepless people, it is great, and we won't be without them in the future."

## BOOSTERS

### Came in a Special Car From Wapak.

### Thirty Good Fellows Accompanied by the Band

### Took Possession of the City Last Night and Left Reminders of the Carnival to Be Held Next Week.

The fact was long ago established that when Wapakoneta goes into a thing, it is always for keeps, and that bunch of good fellows who see that the pot is kept boiling over there, have not let any grass grow under their feet, in the effort to boom the carnival which is to be held this week on the 8, 9, 10 and 11.

A special car on the Western Ohio brought that prize-winning band over to Lima yesterday evening and thirty good fellows to do the boosting. The newspaper offices were serenaded, and the band later took possession of the stand on the square, where a large crowd soon gathered to pay for the concert, with vigorous applause.

The carnival is to be given by the Fawn club, and the J. A. Gorman Co. has guaranteed a number of splendid attractions. Mr. Gorman was with the delegation last night, and proved himself to be an interesting talker, having primed himself with the information to be gained by travelers which include all of the foreign countries. He is just now engaged in bringing together the patch work of several years study, and hard work into a spectacular performance of huge dimensions, which will be one of the side attractions at the St. Louis exposition—but the carnival at Wapakoneta comes first.

The Woman's Missionary Society, of the First U. B. church, will meet Wednesday afternoon at the home of Mrs. J. B. Bushong, of 863 west Spring street. All members and those interested in missionary work, are cordially invited to attend.

## For the Royal Zoo

[Copyright, 1903, by R. D. Marshall.]

We were in South Africa capturing wild beasts for the Royal Zoological gardens of London when we got word that a lion had entered a cattle kraal about five miles away the night previous and killed and carried off a steer. We made for the spot at once and began digging a pit.

When our pit was completed, it was 10 feet long, 6 feet wide and 12 feet deep, and we cut and drew up a lot of heavy poles to place across it in case we had to keep him prisoner for two or three days.

It was a full moon that night, and from the post in one of the huts I caught sight of the lion at about 9 o'clock. He came to within 200 feet of the kraal and sniffed the air as if his suspicions had been aroused. He was a fine target for a rifle, but under the circumstances he was safe from my fire. The cattle soon sensed him and crowded to the other side of the pen, and the dogs of the village likewise made a great fuss, but his lordship was not in the least put out. I could not have seen him better by daylight. Aside from his mane there were black tufts on his legs, with a black plume at the end of his tail, and I was determined to make him my prize if it took a year of waiting and planning.

The lion scented danger, however, and sheered off, and we saw nothing more from him that night. On the next night he showed up before we were on the lookout. The natives in driving in the cattle had failed to round up a yearling calf, and we heard nothing from the estray until the lion showed himself. Just at dusk he roared loudly, and as the moon came up we caught sight of him advancing upon the kraal. The calf was on the other side of the enclosure keeping very quiet, but as the lion stopped and roared again the frightened animal began running around the pen to seek for the gate. As he came around on our side, running blindly and never seeing the lion, the latter crouched and sprang. As he struck the calf he seized it by the neck and wrenched it to right and left, killing it on the instant. For five minutes he stood facing us with his claws on the carcass, growling defiance. Had a man shown himself outside of a hut the lion would have charged right at him. After awhile, finding that his defiance was not accepted, he picked up the calf and trotted away as a dog would with a bone. Twice before he reached the thicket he paused to look back, but we had no thought of moving out of our shelter.

As the calf was not in good condition, the natives believed the lion would return next night, but he did not. Orders were issued for the people to keep very quiet during the day and for the herd to be penned an hour earlier than usual.

On the second night after getting the calf we heard the old fellow roaring good and strong as he left his lair, and the head man said to me:

"We are sure of him this time. Can't you tell by his roar that he is hungry?"

It is doubtful if the lion ever roars because of hunger. His roar may rather be considered a challenge to his enemies. The natives insisted, however, and they were right, except that he did not appear as soon as expected. He went off in the other direction, roaring at intervals and perhaps looking for a change of diet.

It was close on to 11 o'clock, and we had not heard his voice for an hour, when I suddenly heard something walking with a tread as heavy as that of an ox. I thought it was an ox until I saw the lion himself. The moon was up, and he advanced upon the kraal without even looking our way. His bearing exhibited grim determination. He walked straight to the spot where he had leaped before, halted for an instant to see if the fence had been strengthened since his other visit and, with an angry growl and a switch of his tail, he went over. The cattle belated and rushed about, but after a couple of minutes the head man whispered:

"He certainly fell into the pit. See! The cattle have become more quiet. Let us go at once."

At a signal we all rushed for the gate and opened it. We were not a moment too soon, as the fellow was springing up and catching the banks with his paws. We hustled the poles across the excavation, weighted them down, and then everybody in the village began to sing and yell and dance. I had promised the people a keg of rum, ten pounds of powder and five muskets in case of capture, and the reward was a big thing to them. The cattle were turned out, fires lighted, and all spent the night in watching and rejoicing.

The cage was made with double bars, each as large as a man's arm, and of hard wood. We had it ready by night, but the lion was by no means ready to enter it. Our only way was to draw him up into it by main strength. For two whole days he defied our every effort, seeming to grow fiercer with every failure on our part, but on the third day we got the better of him. We kept him from food and drink for four days, but he neither fell away nor abated one jot of his ferocious spirit. I did not start him until the tenth day of his capture, hoping for a change, but as none came he was finally turned over to a guard of natives and his journey began.

In due time he reached the Royal gardens, but as savage as ever, and even after ten years of captivity he was the most ferocious brute in the whole collection and feared by everybody. He was one of the few lions born with such a savage spirit that taming is an impossibility. M. QUAD.

Gentlemen—For five years I have been troubled with Nervous Dyspepsia. I have received the best medical aid in Boston, and have obtained very little relief—and that only temporary. I was advised to try Romoc. After ten days' trial I am able to eat hearty meals of wholesome food. I have continued taking it for three weeks and I am improving each day. My nerves are stronger, and circulation much improved. (Signed) A. S. RYAN, Housekeeper Quincy House.

### Very Remarkable Cure of Diarrhoea.

About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Wm. M. Melville, old post-office corner.

"After numerous contradictory state-  
ments and repeated notices of renew-  
al of options. It can now be definitely  
stated that the million and a half dol-  
lar oil deal, with English capitalists is  
all off even if only for the time being.  
The syndicate held options on the ex-  
tensive list of property, continually  
from February 1, last, up to Wednes-  
day of last week or July 1, but they  
permitted the purchasing right on the  
last named date to expire and that is  
the present status of the big deal.  
"It was on February 1, that the  
first option of two months was given  
to the foreigners. At the expiration  
of that period, they secured a renewal,  
which was in turn followed by an-  
other renewal and that has been the  
motomotion story up to July 1, when  
the final expiration occurred. The  
English are now trying to gain an  
other renewal, but this has not been  
granted, if it will be at all, and from  
present indications, the gigantic trans-  
fer is now off the books.

**Treat Your Kidneys for Rheumatism.**  
When you are suffering from rheu-

to at once so that they will eliminate  
the uric acid from the blood. Foley's  
Kidney Cure is the most effective rem-  
edy for this purpose. R. T. Hopkins,  
of Polaris, Wis., says: "After unsuccess-  
fully doctoring three years for rheu-  
matism with the best doctors, I  
tried Foley's Kidney Cure and it cured  
me. I cannot speak too highly of this  
great medicine." It purifies the blood  
by straining out impurities and tones  
up the whole system. Cures kidney  
and bladder troubles. Sold by H. F.

A little life may be sacrificed to an  
hours delay. Cholera infantum, os-  
tentry, diarrhoea come suddenly. Only  
safe plan is to have Dr. Fowler's Ex-  
tract of Wild Strawberry always on hand.  
The Woman's Relief Corps will  
meet Tuesday evening at 7:30.

The powder puff may help to hide the  
ravages of time but it avails little to hide  
the ravages of disease. When the face  
is disfigured by eruptions, the treatment  
must go below the surface to the blood,  
which is corrupt and impure.  
Dr. Pierce's Golden Medical Discovery  
cures disfiguring eruptions which are  
caused by impure blood. It cures scrofu-  
lous sores, erysipelas, boils, pimples,  
eczema, salt-rheum and other eruptive  
diseases which impure blood breeds and  
feeds.

"I was troubled with eczema from the crown  
of my head to the soles of my feet," writes Mrs.  
Ella Quick, of Cass City, Missouri. "I  
could not walk at times for the itching. I  
thought there was no help for me—until I  
tried Dr. Pierce's Golden Medical Discovery.  
I had heard of it, and I bought a bottle  
and made me promise that I would take it. I  
had been getting worse all the time. I took  
thirteen bottles of the Golden Medical Dis-  
covery and used 'All-Healing Salve,' which made  
a complete cure. It was slow, but sure. I  
was taking the medicine about eight months.  
"I would say to all who read this: try Dr.  
Pierce's Golden Medical Discovery before wast-  
ing time and money."  
The sole motive for substitution is to  
permit the dealer to make the little more  
profit paid by the sale of less meritorious  
preparations. He gains; you lose. There-  
fore accept no substitute for "Golden  
Medical Discovery."

"Dr. Pierce's Pills cleanse the clogged  
system from accumulated impurities."

**HUMAN PANTOMIME.**

Certain Gestures Absolutely Identical  
With Certain Feelings.  
Certain gestures are absolutely iden-  
tified with certain feelings. To shake  
one's fist is to threaten, to hold up one's  
finger is to warn. To indicate thought  
we place the tips of the fingers on the  
forehead, to show concentrated atten-  
tion we apply the whole hand. To rub  
the hands is everywhere a sign of joy,  
and to clasp them a sign of enthusiasm.  
It would be easy to multiply examples.  
Affirmation, negation, repulsion are all  
indicated by motions that every one un-  
derstands. It is the same, in quite  
as great a degree, with nationalities, in  
spite of the original diversity of the  
races that make them up. The mimetic  
character results at once from race,  
from history and from climate.  
The gesture of the Englishman is  
force and harsh. He speaks briefly,  
brusquely. He is cold, positive, force-  
ful. His salutation is cold and accom-  
panied, but his handshake is loyal. The  
gesture of Germany is heavy, good hu-  
mored and always ungraceful. Many  
of the Slav people are unwilling to  
look one in the face, and they have a  
false gesture. The Spaniard and the  
Portuguese, although dwelling in a  
southern land, gesticulate little. Their  
language is rhythmic, slow, solemn;  
they are grave; their salutation is a  
little theatrical. The Italian is lively,  
mobile, intelligent, gay. His language  
is harmonious, sonorous, warm and  
luminous, like his country's sky. The  
salutation of the Italian is quick and  
full of feeling, his gesture colored and  
exaggerated.—London Answers.

**The Coffee Cup In Persia.**  
The expression "to give a cup of cof-  
fee" has in Persia a somewhat omi-  
nous significance. This is due to the  
fact that the coffee cup is one recog-  
nized medium for conveying poison.  
Some years ago the governor of Aspa-  
dana, having long been at daggers  
drawn with the chief of a powerful  
mountain tribe, determined in this way  
to put an end to all trouble. He pro-  
posed to entertain a great degree of  
friendship and esteem for the chief-  
tain and invited him to visit him at his  
palace. The chief unsuspectingly came,  
accompanied by his two young sons.  
For a week they were royally enter-  
tained. But at last one morning when  
the chief came to his host's presence  
he was coldly received, and an attend-  
ant soon stepped forward with a single  
cup of coffee in his hand, which he of-  
fered to the guest. The latter could  
not fail to understand that he was  
doomed. Preferring, however, steel to  
poison, he declined the cup and was  
thereupon, at a signal from his host,  
stabbed to death.

**When Men Were Branded.**  
A curious relic of bygone times, proba-  
bly the only one in England, still  
stands at Lancaster castle. It is a  
strong iron rod, into which the  
prisoner who in olden time had been  
sentenced to be branded as a malefac-  
tor had his hand thrust and locked.  
The branding iron, after being made  
red hot at the end, was pressed against  
the "browne of the thumb," and on be-  
ing withdrawn the letter M branded on  
the unfortunate prisoner's flesh in-  
dented from henceforward that he  
was a malefactor. The ceremony was  
performed in the presence of the judge  
and jury and in open court, and the  
brander invariably turned to the judge  
after he had done his work and ex-  
claimed, "A fair mark, my lord!" It  
is 100 years since the instrument was  
last used on two men sentenced to im-  
prisonment for manslaughter.

Hives are a terrible torment to the  
little folks, and to some older ones.  
Easily cured. Doan's Ointment never  
fails. Instant relief, permanent cure.  
At any drug store, 50 cents.  
The Woman's Relief Corps will  
meet Tuesday evening at 7:30.

Speaker of the House of Representatives.

L. LEWIS C. LATYIN, Secretary of State  
of the State of Ohio, do hereby certify that  
the foregoing is a true copy of a Joint Reso-  
lution adopted by the General Assembly of  
the State of Ohio on the 25th day of April,  
A. D. 1932, taken from the original rolls now  
on file in this office.

Northeast of Elida, in Sugar Creek township, F. S. Gilbert has completed a new well on the J. A. Light farm, located in the southwest quarter of section 4. It will make a fair pumper, starting off with a production of 25 barrels in as many hours.

Henry Weill had two of the heaviest water wells in the field on the Wm. Portbait farm, in section 8, of Marion township, south of Delphos. He has now abandoned both wells, after a useless attempt to exhaust the troublesome briny fluid. The first well he drilled on this farm, looked as if it would make one of the best producers ever found in that neighborhood and was pumped continuously for several months, but the salt water was too heavy, and oil would not come. Last week No. 2, was completed, but it, too, was such a heavy water pumper that he has abandoned both.

Northwest of Delphos in Washington township, of Van Wert county, a test well is being drilled jointly by the Emery Oil company and Price & Co., of Kenton. The former has been operating extensively in that neighborhood, and now has several wells completed. Price and company drilled a well on the Taussig farm, in section 15, about a mile west of the Emery street in section 16. They have selected a central location and will test a large scope of their holdings with this well.

The Three S. Oil Co.'s well No. 8, on the Elizabeth Gray farm, in section 28, of Bath township, east of town, showed up quite promising for one in such old territory, and will make a fair pumper. It is credited with doing 75 barrels the first day, which is considerably reduced by this time.

The Joseph B. Mayer Oil Co. has finished up No. 7 well on the S. Sawmiller farm in section 31, of Amanda township north and a little east of Spencerville. It is a 15 barreler.

On the Samuel Savidge farm, in section 26, of Spencer township, north and west of Spencerville, W. A. Nutt has completed a small well, its first day's output being 5 barrels.

Near Parker City, Ind., the St. Louis Oil Co., got a well at No. 2, Anna M. Bennett, section 4, Monroe township, Randolph county. It was good for 175 barrels the first 24 hours after being shot.

The Illinois Oil Co., has the second best of the week, its No. 5, on the J. A. Watson farm, section 34, Hartford township, Adams county, making 11 barrels the first day.

## WIFE

Nearly "Queered" the Game

And the Chief

Had a Lively Chase for His Man.

John Whipler Wanted for Failure to Support His Family,

Located at a South Side Boarding House in Company With Another Woman—Mayor's Court Cases.

Early last evening, chief of police Mills, had a lively chase in accomplishing the capture of John Whipler, a stationary engineer, employed by the National Tile Roofing Co., who was wanted in Justice Reilly's court on a charge of failure to support his family, the affidavit in the case having been signed by the defendant's wife.

Whipler and his wife became separated some time ago, the former leaving the city. While absent, it is alleged that he met Miss Bessie Mayers, of near Lawrenceville, Ind., at the city of Vincennes, that state, and brought Miss Mayers to this city with him. They have been stopping at a boarding house on south Main street, and were supposed to be man and wife. Yesterday, Mrs. Whipler called to see Miss Mayers, and the latter conceiving the situation, went to the tile Roofing factory, and informed Whipler, who took to flight when chief Mills approached the factory with a horse and buggy. The chief gave chase, and "freed" his man near the C & E, and D S railroad crossing. Some of Whipler's friends came to his rescue, and furnished bail for his appearance in Justice Reilly's court at 1 o'clock, Thursday.

Mayor's Court Cases.  
The case in mayor's court against Eli Brentlinger, charged with Sunday selling, was given a hearing and was dismissed. Dan Lynch, who was subpoenaed in the case and who failed to appear, and was arrested for contempt of court, pleaded sickness and was released.

Used a Knife.

Last night, about 9:30 o'clock, a fight occurred on the grounds occupied by the Gentry show, on south Main street, the chief participants being John Dovey, a colored man employed with the show, and a young man named O'Connell, residing on Greenlawn avenue. Dovey drew a knife and inflicted a severe gash in one of O'Connell's wrists, and for a short time a general "mix up" was imminent. Dovey was arrested by Sergeant Armstrong and patrolman Smally, and the case was set for hearing late this afternoon.

Linemen Defeated.  
The East Machine ships played a close and hard fought game with the Bell Telephone Co. linemen, Saturday morning on the Haller street grounds, the score resulting 12 to 11, in favor of the shop boys. There was a good bunch of rooters present for both sides, and the runs were close enough to keep up the excitement, and the result in doubt to the last.

Ada Defeats Bluffton.  
An interesting game of ball was played at Bluffton, on the Fourth, between a team made up in that aggressive town, and the Ada University aggregation. The score was somewhat one-sided, Ada winning by a score of 13 to 2, but the visitors scored most of their runs in a single inning. A change of pitchers in the Bluffton team helped to make the last part of the game something like real base ball.
